

Emergency Management Policy and Procedures

Purpose

The purpose of this policy is to provide clear direction for staff and licensees to follow to deal with emergency situations. The procedures set out steps for staff to follow to support the safety and well-being of everyone involved.

Clear policies and procedures will support all individuals to manage responses and responsibilities during an emergency, resulting in the safest outcomes possible.

Definitions

All-Clear: A notification from an authority that a threat and/or disaster no longer pose a danger and it is deemed safe to return to the child care premises and/or resume normal operations.

Authority: A person or entity responsible for providing direction during an emergency situation (e.g. emergency services personnel, the licensee).

Emergency: An urgent or pressing situation where immediate action is required to ensure the safety of children and adults in attendance. These include situations that may not affect the whole child care centre (e.g. child-specific incidents) and where 911 is called.

Emergency Services Personnel: Persons responsible for ensuring public safety and mitigating activities in an emergency (e.g. law enforcement, fire departments, emergency medical services, rescue services).

Evacuation Site: The designated off-site location where shelter is obtained during an emergency. The evacuation site is used when it is deemed unsafe to be at or return to the child care centre.

Licensee: The individual or agency licensed by the Ministry of Education responsible for the operation and management of each child care centre it operates (i.e. the operator).

Meeting Place: The designated safe place near the child care centre where everyone is to initially gather before proceeding to the evacuation site, or returning to the child care centre if evacuation is not necessary.

Staff: Individual employed by the licensee (e.g. program staff, supervisor).

Unsafe to Return: A notification from an authority that a threat and/or disaster continue to pose a danger and it is unsafe to return to the child care premises.

Emergency Management Policy

Staff will follow the emergency response procedures outlined in this document by following these three phases:

1. Immediate Emergency Response;
2. Next Steps during an Emergency; and
3. Recovery.

Staff will ensure that children are kept safe, are accounted for and are supervised at all times during an emergency situation.

For situations that require evacuation of the child care centre, the **meeting place** to gather immediately will be located at: the corner of ETVCC/St Saviour property closest to the intersection of Kimberley & Swanwick.

If it is deemed 'unsafe to return' to the child care centre, the **evacuation site** to proceed to is located at: Centre 55 at SE corner of Swanwick & Main.

Note: all directions given by emergency services personnel will be followed under all circumstances, including directions to evacuate to locations different than those listed above.

For any emergency situations involving a child with an individualized plan in place, the procedures in the child's individualized plan will be followed. For any adult with a recognized medical need the additional assistance needed by them will be provided.

If any emergency situations happen that are not described in this document, an ETVCC Supervisor/designate will provide direction to staff for the immediate response and next steps. Staff will follow the direction given.

If any emergency situations result in a serious occurrence, the serious occurrence policy and procedures will also be followed.

All emergency situations will be documented in detail by an ETVCC Supervisor/designate in the daily written record.

At ETVCC monthly fire/emergency drills are conducted and an evacuation trolley is maintained and kept in the preschool room.

Immediate Emergency Response Procedures for Other Emergencies

An ETVCC Supervisor/designate would assess the situation and determine which of the previously cited examples best matches a new, unanticipated, emergency. For example, is it unsafe to either leave the building, or unsafe to return to the building. The procedure would then be the same as that for the similar emergency included above.

Additional Procedures for Immediate Emergency Response

Once a group is in an area deemed safe and the attendance has been verified, the group leader of that group will determine if they are able to maintain the safety of the group with one less staff person. If they believe they can then the group leader will designate a co-worker to see if the other group needs assistance.

Phase 2: Next Steps During the Emergency

- 1) Where emergency services personnel are not already aware of the situation, an ETVCC Supervisor/designate must notify emergency services personnel (911) of the emergency as soon as possible.

- 2) Where the child care centre has been evacuated, emergency services must be notified of individuals remaining inside the building, where applicable.
- 3) If an ETVCC Supervisor or Board Member is not already on site, the site designate must contact an ETVCC Supervisor to inform them of the emergency situation and the current status, once it is possible and safe to do so. If an ETVCC Supervisor cannot be reached the contact is then made to an ETVCC Board Member, ideally the President.

Additional Procedures for Next Steps During an Emergency

An ETVCC Supervisor/designate will ask all persons who were present during the emergency to remain so they can record statements about what happened and take contact information for further investigation, keeping in mind that memories of events are quickly forgotten or muddled with the passing of time. Any injuries sustained by children or staff during the proceedings are to be thoroughly documented. At the same time, other staff members are to be attending to the needs of the children where water is essential, snacks if possible, and soothing care. Staff are to watch for delayed symptoms of shock in both the children and the other staff members, responding as per our First Aid training if shock is suspected: assist to find a place to sit or lie down and cover the person to keep them warm. If possible have a staff member continue to provide individual reassurance and comfort. If shock is suspected do not give the individual food or drink and inform emergency responders when able.

Phase 3: Recovery (After an Emergency Situation has Ended)

<p>Procedures for Resuming Normal Operations</p>	<p>As the Centre reopens it is advised to have additional staff in order to complete the required reporting and submission of documentation. An ETVCC Supervisor/designate will refer to ETVCC’s <i>Serious Occurrence Policy & Procedure</i> under ‘How To Report a Serious Occurrence’ for that procedure. In the program rooms copies of the Serious Occurrence document are kept in the back of each group’s daily log under a red cover page.</p> <p>An ETVCC Supervisor/designate will contact the Centre’s insurer if needed and is also responsible for communicating with St Saviour’s Church, the landlord, throughout the process.</p> <p>If attempting to operate at an alternative location guidance is to be sought from our Program Advisor at the Ministry of Education and our Children’s Services Consultant, prior to the relocation.</p>
<p>Procedures for Providing Support to Children and Staff who Experience Distress</p>	<p>Once the immediate safety has been established, staff members who are able will work to divert the children’s attention and dispel their anxiety. Access resources from the evacuation trolley or other areas nearby to engage the children in stories, songs, fingerplays and other activities.</p>
